AutoCAD Crack + For PC [Updated]

AutoCAD was originally made for the purpose of designing and drafting 2D architectural plans and it has since grown into a multi-platform 3D design, visualization, and production tool. Today AutoCAD is a full-fledged design, fabrication, and construction application for the 2D and 3D drawing, drafting, and presentation of plans and designs. An AutoCAD package includes the following basic components: AutoCAD - For the creation, editing, and formatting of 2D and 3D drawings. AutoCAD Architectural - Includes architectural 3D models. AutoCAD Electrical - Includes electrical and mechanical drawings. AutoCAD LT - Design and presentation software for professionals. AutoCAD Application Center - A customer support and learning application. AutoCAD LT 2020 AutoCAD LT 2020 is the latest iteration of the Autodesk LT platform, a streamlined way to create, edit and format 2D and 3D designs. AutoCAD LT 2020 works with Autodesk software for 3D (AutoCAD Architecture and AutoCAD LT) and 2D (AutoCAD LT, AutoCAD Architectural, and Autodesk Inventor). AutoCAD LT 2020 adds comprehensive CAD functionality to AutoCAD LT 2019. Other features include: New 3D tools for drawing and editing architectural, mechanical and electrical 3D designs. Improved accuracy of 3D views of 2D drawings. A more streamlined way to create and edit 2D and 3D drawings. A workflow improvement for managing and sharing 2D and 3D drawings. New 2D project sharing features. New 3D file and view interoperability. AutoCAD LT 2020 for Enterprise and Advanced AutoCAD LT 2020 Enterprise and Advanced come with the following additional features: Design and drawing tools for creating and editing architectural, mechanical and electrical 3D models and 2D drawings. Extensible 3D design capabilities. Extended integration with your 3D design and engineering software. Business-grade data security and audit trail. Autodesk Fusion 360 connectivity. Share 2D, 3D, and DWF files with your team. View, organize, and manage your 3D designs using a host of tools. Connect to your team for enhanced collaboration. Support for a wider range of file formats.

In 2011, Autodesk acquired Knowledge Media (a software company specializing in building applications that combine 3D models and CAD geometry). This acquisition added content creation tools and InterGraph, a CAD interoperability technology, to its offerings. In May 2013 Autodesk released the CAD management application named Building Design Suite, which provides an integrated design environment for architecture and civil engineering that was delivered as a desktop application. In June 2013, Autodesk announced its intent to acquire the architecture and design automation software company SpaceClaim in an attempt to become the third company to sell a cloud-based design suite, along with

CA Enerpac and Autodesk. The company had raised \$50 million in venture capital prior to the announcement. On July 10, 2013, Autodesk announced the acquisition of SpaceClaim for \$527 million. In June 2014 Autodesk Acquires Shop-Vu, a niche industrial product design collaboration platform company Autodesk's 2014 numbers In March 2014 Autodesk released the 2014 Autodesk Annual Report, which was published for the first time in the Annual Report of Autodesk and Inc. Magazine. In it, Autodesk reports revenues of \$3.39 billion and a net income of \$750 million. The report also contains an analysis of Autodesk's industry and the future of the company. The chart below was taken from the 2014 Autodesk Annual Report. At the same time Autodesk announced that it would stop selling subscriptions to its architectural software products to companies with fewer than 20 employees. As of January 2016, Autodesk discontinued the offering of its architectural products to small firms. On March 24, 2015, Autodesk announced that it would be laying off 5% of its work force worldwide. The company cited the slow growth of its core architectural business as the cause for the layoffs. On May 14, 2015, Autodesk announced that Autodesk Applications Group was renamed Autodesk Software. This was done as part of the company's efforts to refocus its product offering on its Architecture business. Autodesk 2019 financials At the Autodesk Investor Day in November 2018, Autodesk revealed that it expects revenue to increase by 6.9 percent, and earnings per share to be \$5.59 by fiscal year 2020. The main reasons for revenue growth, Autodesk claimed, are the strength of Autodesk's products 5b5f913d15
