Question by: (jordan1212) on 02.11.2019 11:10 PM Hello, I have almost a year old laptop Dell Inspiron 5530, with Windows 10. I had an virus named My computer is not responding, after it's infected I had this yellow exclamation mark, it's described in this website, and I'm afraid the virus is back again. The problem is that I'm not allowed to update, now I'm on Windows 10 Version 1803 and I'm unable to download any of the updates that can cure the virus. Also I've been trying to solve it from 7 days and I still cannot do anything. Could you advise me how to solve this problem? 2010-11 Rugby World Cup qualifying - Asia Asia qualifying for the 2011 Rugby World Cup began on 12 July 2010.
