Malhotra Hair Service – Best Hair Patch Service in Delhi

Your hair can have a deep impact on your appearance and overall confidence. Some people facing the problem of hair loss feel shy or low on confidence in social settings. This can occur due to various reasons like stress, illness, aging, or any underlying medical condition. If you are also faced with the problem of hair loss, do not worry. Malhotra Hair Service offers the best **[hair patch service](#)** in Delhi.

What is Hair Patch Service?

Hair patch service involves the placement of a soft, natural-looking patch on the bald or thinning areas of one's head. Since hair patching is a non-surgical procedure, it is practically painless and has no cuts unlike traditional methods. The patient is allowed to select the patch which suits their real hair color, shape and size.

In case the procedure is non-surgical, the patch does not look artificially attached. To secure the patch in place, one or the other, non-harmful glue or clips, can be used. The best part is, it can withstand washes, hair styling, going out in the drizzle, and many more without looking out of place.

Why Choose Malhotra Hair Service?

In case you are looking for hair patch service in Delhi, look no further than Malhotra Hair Service. With years of experience, a skilled team of professionals is present who ensure complete care and personal attention to diverse client requirements.
