

Lighting Equipment Export of Indonesia: A Comprehensive Trade Overview

Lighting equipment are electrical devices and system that are used in industries to produce, control, and distribute light. It encompasses a wide range of variants, ranging from lamps and light fixtures to architectural and decorative lighting. [Indonesia Import Data](#) says, the country based in Southeast Asia, surrounded by Australia and the Philippines in the north and south directions, has solidified its footprint in the international trade market as a top exporter of lighting equipment, driven mostly by the rapid urbanization and infrastructure development.

The rise in the awareness of environmental sustainability via the preference for low-energy and less-chemical lighting by the consumer base, along with the handicraft and design heritage via the use of materials like bamboo and wood, etc., has resulted in an export trade value of lighting equipment worth 3 billion US dollars in 2024. Subscribe to Import Globals, the leading Indonesia import export trade provider, to stay updated with the latest information regarding the lighting equipment export of Indonesia via the Indonesia trade data.

GOVERNMENT INITIATIVES SUPPORTING THE LIGHTING EQUIPMENT EXPORT OF INDONESIA IN 2024

The promotion of energy-efficient lighting solutions, put up as an intensified effort by the Indonesian government, has supported the country's goal towards achieving 100% electricity sufficiency while enhancing access to sustainable energy sources. The compound annual growth rate of 16.88% driven by the increased domestic adoption of energy-efficient lighting solutions.

The official incentives for exporters are further initiated to promote the active participation of the domestic authorities in the foreign trade fairs. The support for high-value manufactured exports has strengthened international trade by promoting the global recognition of Indonesian lighting equipment in the international markets.

THE LEADING VARIANTS OF LIGHTING EQUIPMENT EXPORTED FROM INDONESIA

Indonesia, with the rapid technological evolution of the industrial sector, has positioned itself as a top trading hub amidst the global competitors. According to the [Indonesia Export Data](#), the top 10 leading variants of lighting equipment exported from the nation in 2024 are,

- Electric lamps – The annual valuation of Electric lamps exported from Indonesia in 2024 – 954 million US dollars
- Luminaires – The annual valuation of Luminaires exported from Indonesia in 2024 – 876 million US dollars
- Signal lights– The annual valuation of Signal lights exported from Indonesia in 2024 – 791 million US dollars
- Lamp parts (non-plastic) – The annual valuation of Lamp parts (non-plastic) exported from Indonesia in 2024 – 687 million US dollars
- Lamp parts (plastic) – The annual valuation of Lamp parts (plastic) exported from Indonesia in 2024 – 595 million US dollars
- Non-electric lamps – The annual valuation of non-electric lamps exported from Indonesia in 2024 – 478 million US dollars
- Street lamps – The annual valuation of Street lamps exported from Indonesia in 2024 – 398 million US dollars
- Chandeliers – The annual valuation of Chandeliers exported from Indonesia in 2024 – 265 million US dollars
- Table/Floor lamps– The annual valuation of Table/Floor lamps exported from Indonesia in 2024 – 243 million US dollars
- Lamp shades– The annual valuation of Lamp shades exported from Indonesia in 2024 – 189 million US dollars

TOP 10 EXPORT TRADE PARTNERS OF INDONESIA

The strategic geographic location of Indonesia between the topmost importing regions and the pricing strategies adopted by the government authorities, as per the demand rate according to the global consumer base, has maintained stability towards supply chain integration. According to the **Indonesia Customs Data**, the top 10 export trade partners of the nation for lighting equipment exported in 2024 are,

- China – The revenue generated via the lighting equipment export of Indonesia to China in 2024 – 965 million US dollars

Top 5 variants of lighting equipment exported

- LED bulb
- Incandescent bulb
- Halogen lamp
- Compact fluorescent lamp (CFL)
- Metal halide lamp
- United States – The revenue generated via the lighting equipment export of Indonesia to the United States in 2024 – 876 million US dollars

Top 5 variants of lighting equipment exported

- High-pressure sodium lamp
- Low-pressure sodium lamp
- Induction lamp
- Neon tube
- PAR lamp
- Japan – The revenue generated via the lighting equipment export of Indonesia to Japan in 2024 – 789 million US dollars

Top 5 variants of lighting equipment exported

- LED floodlight
- Street light

- Wall wash light
- Track lighting fixture
- Pendant light
- India – The revenue generated via the lighting equipment export of Indonesia to India in 2024 – 657 million US dollars

Top 5 variants of lighting equipment exported

- Recessed downlight
- Surface-mount ceiling light
- Table lamp
- Floor lamp
- Desk lamp
- Malaysia – The revenue generated via the lighting equipment export of Indonesia to Malaysia in 2024 – 567 million US dollars

Top 5 variants of lighting equipment exported

- Spot light
- Profile spotlight (Ellipsoidal)
- Fresnel light
- Follow spot
- Moving head light
- Singapore – The revenue generated via the lighting equipment export of Indonesia to Singapore in 2024 – 489 million US dollars

Top 5 variants of lighting equipment exported

- Beam light
- Wash light
- Strobe light
- Effect light
- LED strip light
- Philippines – The revenue generated via the lighting equipment export of Indonesia to the Philippines in 2024 – 392 million US dollars

Top 5 variants of lighting equipment exported

- Softbox light
- Umbrella light modifier
- Ring light
- Beauty dish
- Photo/video continuous light
- South Korea – The revenue generated via the lighting equipment export of Indonesia to South Korea in 2024 – 287 million US dollars

Top 5 variants of lighting equipment exported

- Flash / Speedlight
- UV light
- Black light
- Hazardous area/explosion-proof light
- Solar-powered lamp
- Taiwan – The revenue generated via the lighting equipment export of Indonesia to Taiwan in 2024 – 256 million US dollars

Top 5 variants of lighting equipment exported

- Emergency exit light
- Exit sign light
- Underwater light
- Architectural accent light
- Chandeliers
- Vietnam – The revenue generated via the lighting equipment export of Indonesia to Vietnam in 2024 – 214 million US dollars

Top 5 variants of lighting equipment exported

- Lantern light
- Wall sconce
- Bollard/pathway light
- Garage/shop light
- Grow light
